RP Super Brief
January 2017

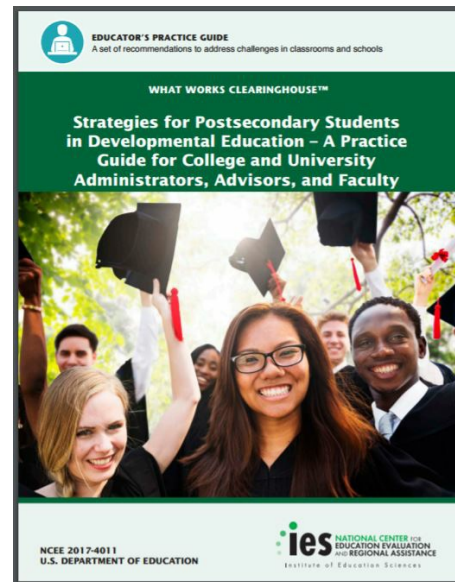

From the RP Group

MMAP Awarded Top Promising Practice

Multiple Measures Assessment was awarded the top promising practice for students in developmental courses within IES's What Work's Clearinghouse; in fact, two of the MMAP user guides were [cited as resources](#).

The approaches used by the MMAP Research Team in Phase I and Phase II were also highlighted as models to use to develop predictive models: logistic regression and classification and regression tree analysis in the REL-South East publication: [A Guide to Developing and Evaluating a College Readiness Screener](#).
