The RP Group’s MMAP Team Awarded Golden State Honey Badger Award

SAN RAFAEL, CA, March 30 2020 – The RP Group, a research and education-focused non-profit, today announced that one of it’s featured projects and teams, the Multiple Measures Assessment Project (comprised of RP Group and EdResults researchers) earned the Golden State Honey Badger Award from California Acceleration Project in February. The award recognizes people, colleges, and teams who “act from a ferocious commitment to student success and equity.”

The MMAP team received the award “for their devotion to following the evidence on what colleges can do to give students the best shot at achieving their goals, even if it means we need to fundamentally rethink our practice.”

Last year’s Honey Badger award recipients included:

- “Cuyamaca College for being one of the first triple-acceleration colleges in the state, transforming remediation and instruction in English, math, and ESL
- Citrus College for being the first in the state to offer 100% transfer-level English and one of the first to replace remedial courses with corequisite models in both SLAM and STEM math
- Students Making a Change for fighting to ensure that students’ dreams aren’t derailed by remedial courses, not only at City College San Francisco but statewide"

Congratulations to our team and their hard work! For questions or more information, email oloy@rpgroup.org.

Mission Statement
As the representative organization for Institutional Research, Planning, and Effectiveness (IRPE) professionals in the California Community Colleges (CCC) system, the RP Group strengthens the ability of CCC to discover and undertake high-quality research, planning, and assessments that improve evidence-based decision-making, institutional effectiveness, and success for all students.

About the RP Group
The RP Group is a non-profit, membership-driven organization that strives to build a community college culture that views planning, evidence-based decision-making, and institutional effectiveness as integral, collaborative strategies that work together to promote student success, increase equitable outcomes, improve college operations, and inform policymakers. Go to www.rpgroup.org for more information.
